Dear Ministry Partner,

What a tremendous opportunity it is for a Bible college student to visit the Holy Land! To walk where Jesus walked and to visit the sites where Bible history originated is truly a unique experience. It is often said that anyone who visits the Holy Land will never look at his or her Bible the same way again. As one who has been there, I wholeheartedly concur.

The 2009-2010 study trip includes lodging on the campus of our new Middle East friends, the Bethlehem Bible College, a place where the Gospel of Jesus Christ has influenced Jews and Palestinians alike. This is not only cost effective for us, but it also strengthens our ties to Israel, thereby enhancing future trips and enriching our understanding of the current geopolitical situation.

Although every effort has been made to keep the cost of this trip as low as possible, it is still out of reach for many students. Therefore, we are asking if you would like to help support a student. (For details, see Study Trip Scholarship on our website). We will maintain a separate account at NEBC for donations given for the trip.

Would you consider partnering with us in this endeavor? This is truly an investment in Bible education. It is a study trip designed to complement our classroom curriculum as it orients students to the geography, history, culture, and archaeology of the Bible and early Christian history. Each student will experience on-site lectures and tours of many significant locations. We plan to have a pictorial review of the study trip after the group returns, and all who participate with us in the scholarship will be invited to that viewing. You will also receive a CD with photos of the Holy Land tour as our students experience each site.

Again, please consider investing in this trip with us. Make your check payable to New England Bible College and write "Study Trip Scholarship" in the memo. Thank you and may the Lord richly bless you.

For His Glory,
Rev. Richard H. Francis
President
